- **Warm and long layers**
- Hat
- Mosquito repellent
- Change of clothes (in case of accidental spillage etc)
- Plastic bags (for dirty or wet clothes)
- Backpack to hold all their items
- Any extra snacks

BREAKFAST AND DINNER IN THE WOODS **TERMS AND CONDITIONS**

Below is the essential information you need to know to ensure your child has the best time possible whilst in our care, and also to ensure that you enjoy your time off!

The parent/carers agrees to the following:

Provide the kit listed above for their child.

Arrive on time at the Woodland Round where the Flint and Steel Forest School Breakfast and Dinner in the Woods will take place.

To collect your child on time when the session ends.

Inform the Campout staff if your child has taken any medicine within the last 24 hours.

The same parent/carers should drop the child off and pick up the following morning.

If the signing parent/carer is more than 15 minutes late we will phone that person. If he/she has not returned after 30 minutes we will then inform the Lost Children department of the festival that we have an uncollected child and the child would be walked to the Lost Children tent.

We reserve the right to refuse admission to any child that appears to be unwell at the beginning of a session.

We reserve the right to refuse admission to any child who does not have the essential items on the kit list.

The Forest School Staff agree to:

Care for the child during the contracted hours.

Hold appropriate insurance cover, including public liability insurance.

Notify the parent/carer as soon as reasonably possible of any accident or injury occurring whilst the child is in the care of the Forest School.

Inform the parent/carer after a reasonable period if their child is not settling in. The parent would then be asked to collect that child if he/she continued to not settle into the environment. In this event there would be no refund on that session.

Make contact with the signing parent/carer as soon as possible in the event of any emergency. We have radio contact with all the on-site emergency services.

Ensure that all children are treated equally and fairly at all times and nobody will be isolated or humiliated.

Ensure that all staff will have appropriate experience in childcare and that all staff have enhanced DBS checks.

Ensure that, at all times, an appropriate number of staff on duty have adequate First Aid certification.

In the unlikely event a child does go missing, we will immediately contact the on-site security by radio and alert the signing in parent/carer. Members of our staff would start an immediate search for the missing child, taking into account that adequate supervision of the remaining children must be maintained.

Practice and maintain good standards of hygiene at all times.

Provide your child with breakfast/dinner and warm drinks. Though these will not contain nuts, we cannot guarantee that they were made in a nut-free environment.
